

# TechYeet

## MARKETPLACE

### What is it?

The TechYeet Marketplace is our community initiative for partnering with vendors, resellers, staffing agencies, and other selected companies. Through the Marketplace, partners are able to provide their offerings to the TechYeet Executives Club and the community.

### Why join the Marketplace?

The TechYeet Executives Club represents substantial annual spending, and its members actively utilize the TechYeet Marketplace. Therefore, unique opportunities are available to our exclusive TechYeet Marketplace partners.

### What's expected?

Our TechYeet Marketplace partners are expected to be active in the TechYeet community, build relationships with both the TechYeet Executives Club Members and the TechYeet Community Builders, and sponsor events.

### Any requirements?

Three things are required to become an official TechYeet Marketplace partner:

- Approval from the TechYeet Executives Club Advisory Board
- Approval from the TechYeet Community Builders
- Process one TechYeet Marketplace Transactional Referral

### I'm interested, what's the next steps?

Contact one of the community builders for a discussion:

Jason Jaques ([LinkedIn](#)) - Nicole Lawlor ([LinkedIn](#))
